(c) No applicant, licensee, registrant or person required to be qualified for licensure shall willfully withhold information from, or knowingly give false or misleading information to, the commission. If the commission determines that an applicant, or a close associate of an applicant, has willfully provided false or misleading information, such applicant shall not be eligible to receive a license under this chapter. (c) A person owning more than 5 per cent of the common stock of the applicant company, directly or indirectly, or a holding, intermediary or subsidiary company of an applicant company may be required to meet the qualifications for licensure under this chapter. The commission may waive the licensing requirements for institutional investors holding up to 15 per cent of the stock of the applicant company or holding, intermediary or subsidiary company of the applicant company upon a showing by the person seeking the waiver that the institutional investor purchased the securities for investment purposes only and does not have any intention to influence or affect the affairs or operations of the applicant company or a holding, intermediary or subsidiary company of the applicant company. An institutional investor granted a waiver which subsequently determines to influence or affect the affairs or operations of the applicant company or a holding, intermediary or subsidiary company of the applicant company shall provide not less than 30 days' notice to the commission of such intent and the commission shall ensure that the institutional investor meets the qualifications for licensure under said this chapter before the institutional investor may take an action that may influence or affect the affairs of the applicant company or a holding, intermediary or subsidiary company of the applicant company. Any company holding over 15 per cent of the applicant company, or a holding, intermediary or subsidiary company of an applicant company, shall be required to meet the qualifications for licensure under this chapter.

(i) The bureau shall investigate each person required to be qualified for licensure under this section and shall: (i) make a recommendation to the commission that the commission shall approve or deny the application for licensure; or (ii) extend the period for issuing a recommendation in order to obtain additional information necessary for a complete evaluation of the application for a license.

Section 17. (a) The commission shall deny an application for a cannabis license or a person required to be qualified for licensure if the applicant: (i) has been convicted of a felony or other crime involving embezzlement, theft, fraud or perjury; (ii) submitted an application for a license under this chapter that contains false or misleading information; (iii) committed prior acts which have not been prosecuted or in which the applicant was not convicted but form a pattern of misconduct that makes the applicant unsuitable for a license under this chapter; or (iv) has affiliates or close associates that would not qualify for a license or whose relationship with the applicant may pose an injurious threat to the interests of the commonwealth in awarding a cannabis license to the applicant.

Section 18. (a) The commission may issue licenses based on the applications submitted to the commission to applicants who are qualified under the criteria set forth in this chapter, as determined by the commission.

(b) A cannabis license issued by the commission shall be valid for an initial period of 1 year. The commission shall establish procedures for the renewal of a cannabis license, including a renewal fee.

(c) No cannabis licensee shall transfer a cannabis license or any direct or indirect interest in the cannabis license or a cannabis establishment without the majority approval of the commission. A person seeking to acquire a cannabis license through a transfer shall qualify for licensure under this chapter. The commission shall reject a cannabis license transfer or a transfer of interest in the cannabis establishment to a person who is not suitable pursuant to this chapter and may reject a proposed transfer that, in the opinion of the commission, would be disadvantageous to the interests of the commonwealth.

(d) The commission shall not issue a license to an applicant if the property where the proposed establishment is to be located is within 500 feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12; provided, however, that if the city or town in which the establishment is to be located has adopted an ordinance or by-law that reduces such distance requirement, the commission shall not issue a license to an applicant if the proposed establishment would violate said city or town's ordinance or by-law.

Section 19. (a) The commission shall prescribe the form of the cannabis license, which shall include, but not be limited to, the following license conditions for each licensee. The licensee shall:

1. have an affirmative obligation to abide by every statement made in its application to the commission, including all evaluation criteria and eligibility requirements;
